**Annual Assessment of the Civil and Criminal Dockets
for the United States District Court
Northern District of Ohio
Calendar Year 2014**

The Northern District of Ohio adopted a delay and cost reduction plan in 1992 under the Civil Justice Reform Act (CJRA) of 1990. The CJRA required that each district court annually assess the condition of its civil and criminal dockets in order to take actions that might reduce the cost and delay in civil litigation and improve the litigation management practices of the Court (see 28 U.S.C. §475). Although the CJRA has expired, the Court continues to monitor the status of its civil and criminal dockets through this annual assessment.

Judicial Resources

The Northern District of Ohio is currently authorized 11 district court judgeships. In addition to the 11 active judgeships, three senior judges currently assist the Court.

Magistrate Judges

The Northern District of Ohio is authorized seven magistrate judgeships: four in Cleveland and one each in Akron, Youngstown and Toledo.

Civil Docket

For the year ending December 31, 2014:

- Total civil case filings decreased 21.1% from 4,455 in 2013 to 3,516 in 2014 due to a decrease in MDL filings.
- Traditional civil case filings (which exclude MDL cases) increased 0.7% from 2,870 in 2013 to 2,890 in 2014.
- The overall difference in traditional civil filings was the result of a 1.3% increase in the Eastern Division filings from 2,222 in 2013 to 2,251 in 2014. The Western Division filings dropped by 1.5% from 648 to 639.
- Civil case filings per authorized judgeship decreased 17.0% from 407 at the close of September 2013 to 338 at the end of September 2014 ranking the Court 46th of 94 district courts in the nation and 5th of nine courts in the Sixth Circuit. The national average for all district courts increased 3.8% from 420 to 436.

- The increase in traditional civil filings is contributed to growth in six civil case categories: Admiralty, Death Penalty, Patent, Unfair Competition, General Civil and Civil Rights. Both Patent and Unfair Competition (Copyright and Trademark) cases reached the highest levels in over a decade.

Increase in Filings			
Case Type	2013	2014	% Change 13 - 14

Unfair Competition	102	185	81.4

Civil Rights	527	585	11.0

- Case filings decreased in seven civil case categories: Antitrust, Personal Injury, Administrative Reviews (Social Security matters), Tax, Labor Relations, Contract and Habeas - non §2255. The most significant decrease was in Personal Injury (lowest in over a decade) and Administrative Reviews (Social Security matters) down from 533 in 2013 to 419 in 2014.

- Over the past two decades Northern Ohio has transferred 60,171 asbestos cases to the Eastern District of Pennsylvania as part of the MDL 875 Asbestos Litigation. Eastern Pennsylvania has done a yeomen's task of resolving nearly all of the 186,602 cases sent to it from districts around the country, including about 58,000 from Northern Ohio. In the fall of 2014, Eastern Pennsylvania District Judge Eduardo Robreno informed this Court that about 2,600 maritime asbestos cases would be ready for trial and would be remanded to the district over the next several months. As of March, 1,200 of the cases have been remanded with another 1,400 yet to come. At the request of Chief Judge Oliver, Judges Polster and Katz have conducted telephonic and in-person conferences, assisted by Judge Robreno who is sitting designation, that have already led to the dismissals of three asbestos manufacturers from a significant number of cases. Optimistically, if the claims against all the manufacturers can be resolved, only about 436 cases against shipowner defendants will remain to proceed to trial from the first 1,200 remands. Each of the district's judges stands ready to try these cases if necessary. As an historic footnote, Northern Ohio's ECF Asbestos System was the original version of CM/ECF developed by the Administrative Office in 1996 and was later expanded to accommodate the needs of all appellate, district and bankruptcy courts within the federal judiciary.
- The overall number of prisoner petitions increased 2.4% from 496 in 2013 to 508 in 2014. The number of Habeas Corpus petitions declined for the sixth consecutive year and was 28% below the number of Habeas Corpus petitions filed in 2008.

Civil Justice Reform Act Efforts

Differentiated Case Management

Pursuant to the Civil Justice Reform Act of 1990, the Northern District of Ohio adopted a Differentiated Case Management (DCM) plan that provides for the assignment of cases to appropriate tracks that operate under distinct and explicit rules, procedures and time frames for the completion of discovery and for trial. The DCM plan provides early involvement of a judicial officer in each case and establishes "event-date certainty" for case management and status conferences, discovery and motion cut-off dates, final pretrial conferences and trials. Under DCM, judicial officers review each case and assign it to one of five processing "tracks": expedited, standard, complex, administrative or mass tort. Each track employs case management guidelines tailored to the general requirements of similarly situated cases, and case management plans are issued to meet the specific needs of individual cases.

Of the 2,266 pending traditional civil cases, 65% were assigned to tracks at year end: 15 (1%) were assigned to the expedited track, 717 (48.7%) were assigned to the standard track, 61 (4.1%) were assigned to the complex track and 678 (46.1%) were assigned to the administrative track. Cases that have not received a track assignment are usually those cases that have been recently filed or those in which an early resolution is anticipated.

Pending Inventory Reduction Plan

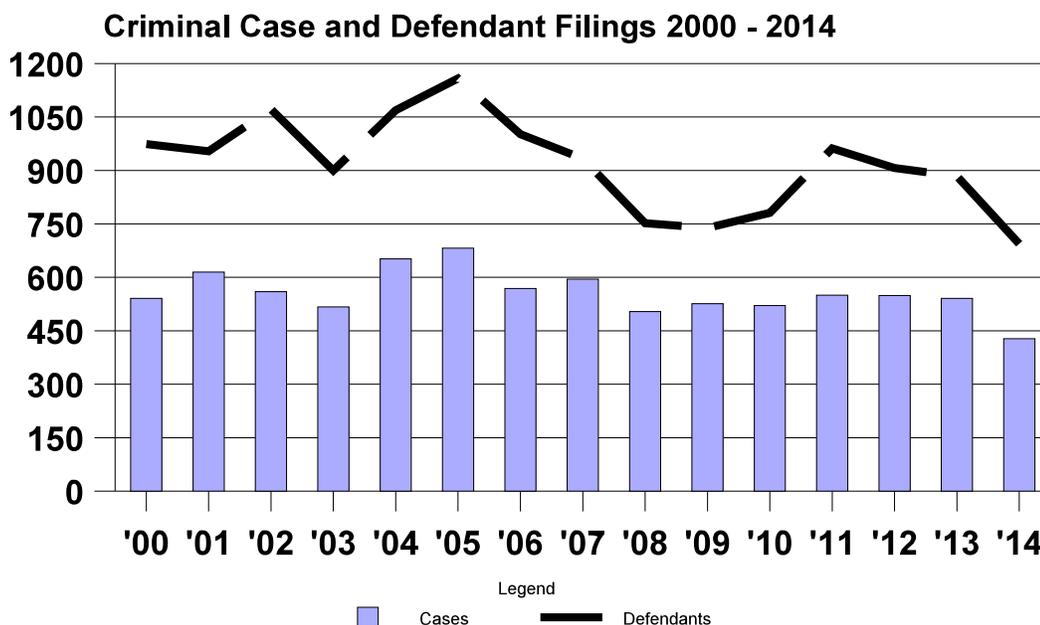

At the time the Court adopted its Differentiated Case Management plan, it also adopted a Pending Inventory Reduction Plan (PIRP) to assure the public and the bar that all cases, both new and old, would always receive a fair amount of the Court's attention. The PIRP focuses primarily on the needs of older cases but also addresses the fair and expeditious processing of all cases. The goals of the PIRP are that: 1) no cases pending are over three years old, 2) no motions pending are more than six months, 3) no bench trials are awaiting rulings for more than six months, 4) no cases are inactive for more than 90 days, 5) the median time from filing to disposition is reduced from the then 14 months to the national average of nine months and 6) the "Unassigned" docket is eliminated. Significant PIRP statistics include:

- The number of civil cases three years and older decreased 25.4% from 63 in 2013 to 47 in 2014, the lowest level in over two decades.
- The number of motions pending six months or longer decreased 45.8% from 59 in September 2013 to 32 in September 2014, the lowest level in over two decades.
- The median time from filing to disposition for all civil cases (including MDL), as reported by the Federal Court Management Statistics Judicial Workload Profile, increased 1.1% from 8.8 months in 2013 to 8.9 months in 2014. The average for all district courts is 8.3 months.
- There was no bench trials awaiting a ruling for six months or longer at the end of September 2014.
- The number of cases inactive for 90 days or more decreased 16.5% from 315 in 2013 to 263 at the end of 2014.
- Since the inception of the PIRP, the unassigned docket has been eliminated.

Criminal Docket

While the case management techniques adopted by the Court under the CJRA are being applied to the civil caseload, the effects of the criminal docket on overall case management cannot be overlooked due to the priority criminal cases receive under the Speedy Trial Act of 1974. Significant criminal statistics includes:

- The number of new criminal cases (20.9%) and the number of new defendants (25.6%) declined in 2014.

Cases	541	615	560	517	652	682	569	595	504	526	521	550	549	541	428
Defendants	974	954	1072	900	1069	1158	1002	933	752	739	781	962	907	884	694

- Both the Eastern and Western division had a decrease in criminal filings. The Eastern Division filings dropped 18.1% from 426 to 349; and criminal filings in the Western Division decreased by 31.3% from 115 to 79.
- The overall decline in the number of new criminal defendants was a result of a 26% decrease in the Eastern Division filings from 741 to 549; criminal defendant filings in the Western Division rose by 1.4% from 143 to 145.
- The number of felony defendant filings per judgeship remains relatively low at 62 compared to the national average of 107, which ranked 66th out of 94 district courts nationally and seventh out of nine courts in the Sixth Circuit.

- Criminal case filings increased in only two categories: Sex Offenses and Marijuana.

Criminal Case Filings			
Offense	2013	2014	% Change 13 - 14
Sex	44	56	27.3

- Both criminal case and criminal defendant closings decreased in 2014. Criminal case closings decreased 18.7% from 583 in 2013 to 474 in 2014 and defendant closings decreased 18.6% from 967 in 2013 to 787 in 2014.
- The number of pending criminal cases at year end was down 12.2% from 428 in 2013 to 376 in 2014 and the number of pending criminal defendants decreased 12.4% from 768 to 673.

Civil and Criminal Trials

The Court conducted 46 civil and criminal trials in 2014, a 9.8% decrease from the 51 held in 2013. The 46 trials were the fewest in over a decade. There were 17 civil trials, down 5.6% from 18 in 2013, and 29 criminal trials, down 12.1% from 33 in 2013. According to the 2014 Federal Case Management Statistics Workload Profile, the district ranked 79th out of 94 districts in the nation and seventh out of nine in the Sixth Circuit in the total number of trials completed per authorized judgeship during the year ending September 30, 2014. A contributing factor to the decreased number of trials is that judicial officers spend a considerable amount of time resolving cases through settlement conferences. In 2014, there were 243 ADR referrals from one judicial officer to another to conduct settlement conferences on behalf of their colleagues.

Magistrate Judge Utilization

The magistrate judges continue to play a role in the management of civil cases. In 2014, there were 401 consents to the jurisdiction of magistrate judges in civil cases, a 6.5% decrease from the 429 consents in 2013. The general civil consents increased and the social security consents decreased in 2014. The number of social security reviews consented to magistrate judges nearly decreased 10.1% from 2013 to 2014.

Magistrate Judge Consents										
Type	2005	2006	2007	2008	2009	2010	2011	2012	2013	2014
General Civil	154	135	116	143	153	124	140	111	131	133

Total	273	271	243	280	277	269	322	263	429	401

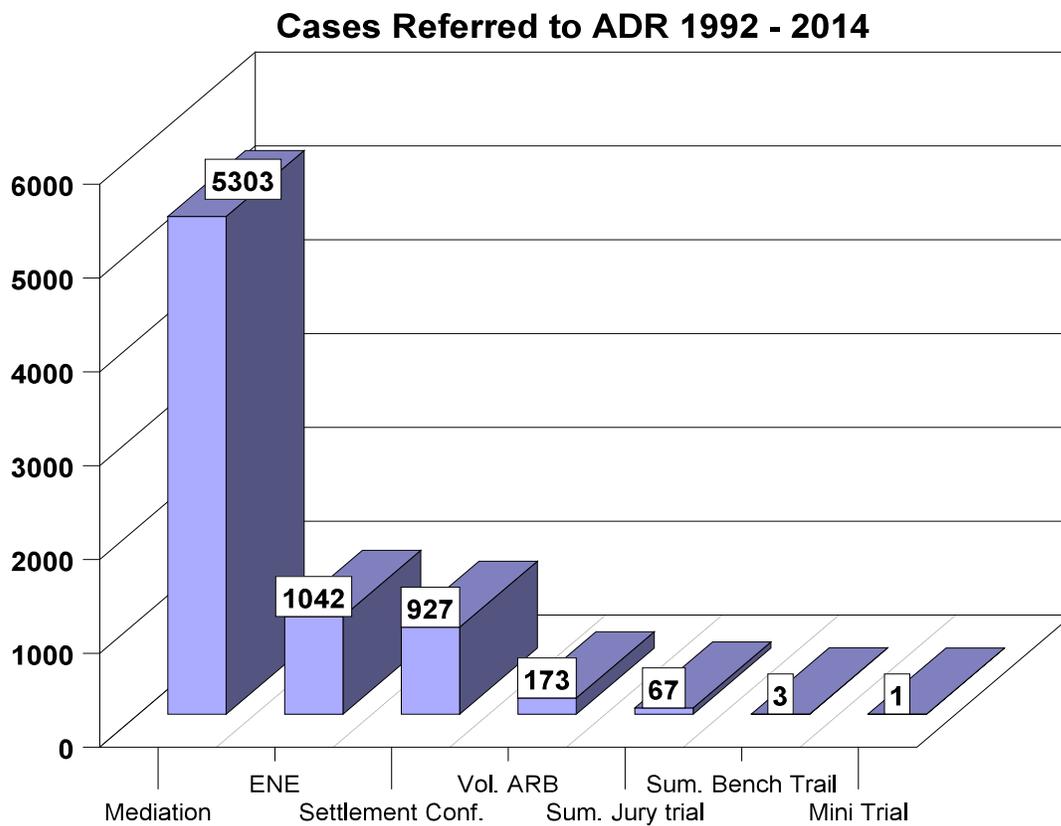

Magistrate judges were the presiding judicial officers for 403 (13.8%) of the 2,912 civil cases that were resolved in 2014 and presided over 269 (11.9%) of the 2,266 civil cases pending at the end of the year. All social security matters and habeas corpus matters are referred to magistrate judges at the time of filing.

Magistrate judges regularly address discovery disputes between parties and conduct preliminary proceedings in criminal cases. In addition, magistrate judges held 226 settlement/mediation conferences in 2014. Magistrate judges also assist the Court by frequently conducting jury voir dire. Magistrate judges have accepted pleas of guilty in criminal cases upon the consent of all counsel and the defendant pursuant to General Order 99-49 since October 1999. In 2014, 131 (21.9%) guilty pleas were accepted by magistrate judges.

Alternative Dispute Resolution

Section 16 of the Local Rules provides a broad menu of non-binding, court-annexed ADR processes designed to provide quicker, less expensive and generally more satisfying alternatives to traditional litigation and the court benefits greatly from the overwhelmingly pro bono services provided by the 226 attorneys who serve on its Federal Court Panel of Neutrals.

Since January 1, 1992, 7,516 cases have been referred to the ADR program and 7,396 cases have been completed. Of the completed cases, 4,956 or 67% were resolved prior to or through an ADR proceeding.

The number of cases referred to ADR decreased about 1.7% from 303 in 2013 to 308 in 2014. During 2014, 195 cases were referred to Mediation, four to Early Neutral Evaluation (ENE), 109 to settlement conferences.

Of the 7,396 cases completing ADR since 1992:

- Approximately 33% were resolved through ADR:

Cases Resolved Through ADR 1992 - 2014		
Withdrawn Prior to ADR	536	7%
Settled Prior to ADR	1,182	16%
Settled Through ADR	2,450	33%
Returned to Chambers	3,228	44%
Total	7,396	

- Sixteen percent were resolved after the actions were referred to ADR but before the ADR proceedings took place, e.g. default judgments and dismissed actions.
- Seven percent were withdrawn from the process prior to the ADR proceedings being conducted for various reasons including remands of actions to a state court, automatic bankruptcy stays, parties filing non-consent to voluntary arbitration, or the return of actions to chambers for ruling on dispositive motions.
- Forty-four percent were returned to chambers for post-ADR settlement negotiations and further case processing.

The number of cases referred to judicial officers to conduct ADR proceedings has increased steadily since 1992 when only 2.2% of referrals were made to judicial officers. In 2014, nearly 79% of the ADR referrals were made to judicial officers. As a result of this trend, and upon the recommendation of the Attorney Advisory Group, the Court plans to downsize the Panel of Neutrals to about 95 members by January, 2015 in order to provide Panel members with more frequent referrals and assist them in maintaining their ADR skills.
