Included in the equipment to be serviced are two portable Tandberg video conferencing units used in courtrooms. Equipment lists will be provided to the vendor who is awarded the contract.

1. The maintenance period will be from date of award through October 31, 2014. The total value of all time and material items charged to the Northern District of Ohio within the duration of the agreement **shall not exceed \$10,000.00.**
2. The selected Contractor shall provide maintenance support to cover all items of equipment and software utilized by the Court's audio-video systems.

3. "Maintenance" is defined as the replacement and/or repair of all equipment and/or software, including:
 - a. Repairing or replacing any failed component or system
 - b. Providing all components and systems used for repair or replacement
 - c. Repair or replacement of audio-video systems or components damaged due to site conditions, user interaction or any other cause
 - d. Repair or replacement of any items with existing manufacturer warranties in effect

 - f. Labeling of parts or cables, as necessary
 - g. System diagrams for any Court-approved changed systems due to repairs that result in alterations to original systems
 - h. Phone or on-site consultation for problem symptoms that turn out not to be a system or component problem after all.

4. If the same brand/model will not be used in component replacements, the vendor shall recommend for the court's consideration a substitution of equal or better function and quality.

5. Response time requirements:
 - a. The maintenance contractor shall provide a telephone number which the court can call to obtain maintenance service/technical support from 8:00 a.m. to 6:00 p.m. Eastern Time, Monday through Friday, Government holidays excepted. This phone shall be answered within ten rings by a person, answering machine, voice mail system, or any other means, which, at a minimum, will record the caller's name, telephone number, the item of equipment or software in question, and a brief description of the support required. A qualified technician shall then respond to the caller no later than two business hours after receipt of the call and attempt to answer the question/resolve the problem. If the call is a request for maintenance service and involves an item(s) of equipment software that is malfunctioning, the Contractor shall, if unable to resolve the problem over the telephone, repair or replace the item(s) of equipment/software within forty-eight hours of the receipt of the initial call from the court.

 - b. On-site repairs must be authorized by the Contracting Officer or their designee, and may take place after business hours, on weekends, on holidays, and occasionally during business hours. The court will determine the availability of room access for all scheduling any on-site maintenance.

6. All on-site personnel must pass building security clearance requirements, which will include, but are not limited to, providing the court each technician's name, date of birth, and social security number to gather background information and criminal history.
7. Invoices shall be directed to the attention of the Contracting Officer within ten (10) days of completion of the work. The Contracting Officer will forward the invoice to the COTR for verification of charges. All invoices shall fully detail the labor, material, and other charges pertaining to the specific work. The amounts will be computed by multiplying the appropriate hourly rates prescribed in the schedule by the number of direct labor hours performed. Fractional parts of an hour will be payable on a prorated basis. The contractor will substantiate invoices by itemizing allowable expenses. After written approval of the invoice by the COTR and the Contracting Officer, the judiciary will pay the contractor within thirty days.
8. A listing of all courtrooms and conference rooms/training rooms covered under this contract is contained in attachment 3A.
9. Required Provisions and Clauses for all open market small purchases contained in attachment 3B.
10. Other provisions:
 - a. Any products and services to be furnished under this contract will be ordered by issuance of email or hard-copy written notification. Such orders may be issued from the effective date of the contract through the last day of the contract.
 - b. All delivery orders or task orders are subject to the terms and conditions of this contract and will specify the date, time and place for the services to be performed. If the contracting officer so requires, the contractor shall provide a written or oral acknowledgment. In the event of a conflict between a work order and this contract, this contract will control.
 - c. Period of delivery or performance of the order will be specified in each order. If the time in the order extends beyond the base contract period, it will be considered to extend the period of delivery or performance of the basic contract for all purposes other than placement of any new orders beyond the base contract's expiration period.
 - d. The contracting officer reserves the right to cancel any order, without penalty or charged, provided the contractor is notified at any time, up to and including 5:00 p.m. local time on the business day proceeding the date for which services were requested. In the event the contracting officer fails to afford the contractor the

requisite notice of cancellation and a contractor employee appears on site, the contracting officer will pay the contractor rates for the time involved.

- e. If the court urgently requires delivery or performance of any quantity of an item before the earliest date that delivery may be specified under this contract, and if the contractor will not accept an order providing for the accelerated delivery, the court may acquire the urgently required products or services from another source.
- f. To the extent possible, the contractor shall obtain materials at the most advantageous prices available, with due regard to securing prompt delivery of satisfactory materials.
- g. The contractor agrees to use its best efforts to perform the work specified in a work order and all obligations under this contract within such ceiling price. If at any time the contractor has reason to believe that the hourly rate payments and material costs that will accrue in performing the contract in the next succeeding thirty days, if added to all other payments and costs previously accrued, will exceed 85 percent of the ceiling price, the contractor shall notify the contracting officer, giving a revised estimate of the total price to the judiciary for performing this contract with supporting reasons and documentation. If at any time during performing this contract, the contractor has reason to believe that the total price for this contract will be substantially greater than the stated ceiling price, the contractor shall so notify the contracting officer, giving a revised estimate of the total price for performing this contract, with supporting reasons and documentation.
- i. The judiciary will not be obligated to pay the contractor any amount in excess of the ceiling price, and the contractor shall not be obligated to continue performance if to do so would exceed the ceiling price set forth in the schedule, unless and until the contracting officer has notified the contractor in writing that the ceiling price has been increased, and will have specified in the notice the revised ceiling price for performance under this contract.
- j. At any time or times before payment under this contract, the contracting officer may request audit of the invoices or vouchers and substantiating material.
- k. After the contracting officer's determination of price or fee, the contract will be governed by:

 - ii. All clauses required by law as of the date of the contracting officer's determination; and

Clause 1-1, Employment by the Government (JAN 2003)

(a) The contractor covenants that throughout the term of this contract no contractor employee who performs services under this contract will be an officer or employee of the government of the United States.

(b) If the contractor be an individual, the contractor covenants that throughout the term of this contract the individual will not be or become an officer or employee of the government of the United States. If during the term of contract the contractor intends to become an officer or employee of the government, the contractor shall advise the contracting officer in writing of such intentions so appropriate measures may be taken.

(c) If the contractor be other than an individual, the contractor covenants that throughout the term of this contract no partner, principal, officer, stockholder, or other person having a financial interest in the contractor or the ability to control the contractor, directly or indirectly, will be or become an officer or employee of the government of the United States. The status of a stockholder as an officer or employee of the government of the United States will not constitute a violation of this subsection if the stock of the contractor is traded publicly over the counter or on a regional or national stock exchange.

(d) For purposes of subsection (c), a business or partnership interest or stock owned by a spouse, child, or parent of an officer or employee of the government of the United States shall be deemed to be owned by such officer or employee.

(e) The violation of any subsection of this section will constitute a material breach for which the judiciary may seek any and all remedies under the contract, including termination.

Clause 1-5, Conflict of Interest

Conflict of Interest (AUG 2004)

(a) The contractor specifically agrees that there is no conflict of interest arising from the services to be provided under this agreement. The contractor further agrees that no employee, principal, or affiliate is in any such conflict.

(b) Work under this contract may create a future conflict of interest that could prohibit the contractor from competing for, or being awarded future judiciary contracts. The following examples illustrate situations in which questions concerning potential conflicts of interest may arise:

(1) **Unequal Access to Information**

Access to internal judiciary business information as part of the performance of a contract that could provide the contractor a competitive advantage in a later competition for another judiciary contract. Such an advantage could easily be

perceived as unfair by a competing vendor who is not given similar access to the relevant information.

(2) Competitive Advantage

The contractor, under a prior or existing contract, participates in defining or preparing the requirements or documents that are involved in a subsequent procurement where the contractor may be a competitor. This includes, but is not limited to, defining the requirements, preparing an alternatives analysis, drafting the statement of work or specifications, or developing the evaluation criteria.

(3) Impaired Objectivity

The contractor is required to assess or evaluate products or services produced or performed by the contractor or one of its business divisions, subsidiaries, or affiliates, or any entity with which it has a significant financial relationship. The contractor's ability to render impartial advice could be undermined by the contractor's financial or other business relationship with the entity being evaluated.

The contractor agrees to immediately notify the contracting officer, in writing, if an actual or potential conflict of interest arises, including any of the above and if a non-judiciary client requests or receives any professional advice, representation, or assistance regarding the judiciary.

The judiciary reserves the right to preclude a contractor from participating in a procurement, refuse to permit the contractor to undertake any conflicting agreements with non-judiciary clients, or terminate this contract without cost to the judiciary in the event the contracting officer determines a conflict of interest exists and cannot be avoided or mitigated.

Clause 1-15, Disclosure of Contractor Information to the Public

Disclosure of Contractor Information to the Public (AUG 2004)

(a) The judiciary reserves the right to disclose information provided by the contractor, in response to a request by a member of the general public. Upon receipt of a written request, the judiciary will disclose information which would constitute public records in an agency covered by the Freedom of Information Act. In the event the requested information consists of or includes commercial or financial information, including unit prices, the contractor shall be notified of the request and provided with an opportunity to comment.

(b) The contractor will thereafter be notified as to whether the information requested will be released. The contractor understands and agrees that unit and/or aggregate prices contained in the contract may be subject to disclosure without consent.

Clause 3-3, Provisions, Clauses, Terms and Conditions - Small Purchases

The judiciary reserves the right to inspect or test any products or services that have been tendered for acceptance. The judiciary may require repair or replacement of nonconforming products or re-performance of nonconforming services at no increase in contract price. The judiciary must exercise its post-acceptance rights:

Clause 5-1, Payments under Personal and Professional Services Contracts

Payments under Personal and Professional Services Contracts (AUG 2004)

- (a) The judiciary will pay the contractor:
 - (1) for the services performed by the contractor;
 - (2) as set forth in the schedule of this contract;

(3) at the rates prescribed;

(4) upon the submission by the contractor of proper invoices or time statements to the office or officer designated and at the time provided for in this contract.

(b) The judiciary will also pay the contractor:

(1) a per diem rate in lieu of subsistence for each day the contractor is in a travel status away from home or regular place of employment in accordance with Judiciary Travel Regulations as authorized in appropriate Travel Orders; and

(2) any other transportation expenses if provided for in the schedule.

Clause 5-5, Non-disclosure (Professional Services)

Non-disclosure (Professional Services) (JAN 2003)

The contractor acknowledges that confidential information might be generated or made available during the course of performance of this agreement. In addition to the restrictions on disclosure established under the contractor's code of ethics, the contractor specifically agrees not to disclose any information received or generated under this contract, unless its release is approved in writing by the contracting officer. The contractor further agrees to assert any privilege allowed by law and to defend vigorously judiciary rights to confidentiality.

Clause 5-10, Inspection of Professional Services

Inspection of Professional Services (SEP 2010)

(a) The contracting officer may, at any time or place, inspect the services performed and the products delivered, including documents and reports. The contracting officer may reject any products or services that do not meet the highest standards of professionalism, no matter what type of contract is employed, and in addition to any specific standards of quality set out in this agreement. No payment will be due for any products or services rejected under this clause.

(b) Acceptance of any product or service does not relieve the contractor of the duties imposed by contractor's code of professional ethics. The contractor remains liable for the period allowed under federal law for claims by the United States, for any errors or omissions occurring during performance. All partners or principals agree that they will be jointly and severably liable for such errors and omissions.

Clause 5-20, Records Ownership

Records Ownership (JAN 2003)

Notwithstanding any state law providing for retention of rights in the records, the contractor agrees that the judiciary may, at its option, demand and take without additional compensation all records relating to the services provided under this agreement. The contractor shall turn over all such records upon request but may retain copies of documents produced by the contractor.

Provision 5-25, Identification of Uncompensated Overtime Identification of Uncompensated Overtime (JAN 2003)

(a) Definitions. As used in this provision:

"Uncompensated overtime" means the hours worked without additional compensation in excess of an average of 40 hours per week by direct charge employees who are exempt from the Fair Labor Standards Act. Compensated personal absences such as holidays, vacations, and sick leave shall be included in the normal work week for purposes of computing uncompensated overtime hours.

"Uncompensated overtime rate" is the rate that results from multiplying the hourly rate for a 40-hour work week by 40, and then dividing by the proposed hours per week. For example, 45 hours proposed on a 40-hour work week basis at \$20 per hour would be converted to an uncompensated overtime rate of \$17.78 per hour ($\20.00×40 divided by $45 = \$17.78$).

(b) For any proposed hours against which an uncompensated overtime rate is applied, the offeror shall identify in its offer the hours in excess of an average of 40 hours per week, by labor category at the same level of detail as compensated hours, and the uncompensated overtime rate per hour, whether at the prime or subcontract level. This includes uncompensated overtime hours that are in indirect cost pools for personnel whose regular hours are normally charged direct.

(c) The offeror's accounting practices used to estimate uncompensated overtime shall be consistent with its cost accounting practices used to accumulate and report uncompensated overtime hours.

(d) Offers that include unrealistically low labor rates, or that do not otherwise demonstrate cost realism, will be considered in a risk assessment and will be evaluated for award in accordance with that assessment.

(e) The offeror shall include a copy of its policy addressing uncompensated overtime with its offer.

Clause 6-70, Work for Hire

Work for Hire (JAN 2003)

The contractor agrees that the work performed under this contract is a work made for hire. The contractor further understands that as such, the work provided under the contract, including all materials, data, and other information developed, delivered, furnished, or otherwise called for under the contract, are works of the United States and are therefore in the public domain. If, for some reason, it is later determined that this is not a work made for hire, the contractor agrees to assign all rights, title, and interest in this program/project/material (whichever is applicable) to the federal judiciary.

Provision 7-60, Judiciary-Furnished Property or Services

Judiciary-Furnished Property or Services (JAN 2003)

No property or services will be furnished by the judiciary unless specifically provided for in the solicitation.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$3.81 per hour or \$152.40 per week or \$660.40 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year, New Year's Day, Martin Luther King Jr's Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b), this wage determination does not apply to any employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer

professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives.

Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

OCCUPATION NOTES:

Refuse Collector: The rate for the Refuse Collector occupation applies does not apply to Cuyahoga County. See Wage Determination 1966-0048 for the wage rates and fringe benefits for Cuyahoga County.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual

cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

** NOTES APPLYING TO THIS WAGE DETERMINATION **

Under the policy and guidance contained in All Agency Memorandum No. 159, the Wage and Hour Division does not recognize, for section 4(c) purposes, prospective wage rates and fringe benefit provisions that are effective only upon such contingencies as "approval of Wage and Hour, issuance of a wage determination, incorporation of the wage determination in the contract, adjusting the contract price, etc." (The relevant CBA section) in the collective bargaining agreement between (the parties) contains contingency language that Wage and Hour does not recognize as reflecting "arm's length negotiation" under section 4(c) of the Act and 29 C.F.R. 5.11(a) of the regulations. This wage determination therefore reflects the actual CBA wage rates and fringe benefits paid under the predecessor contract.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A links to the Directory may be found on the WHD home page at <http://www.dol.gov/esa/whd/> or through the Wage Determinations On-Line (WDOL) Web site at <http://wdol.gov/>.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C) (vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage

rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour decision to the contractor.

6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.
