U. S. DISTRICT COURT NORTHERN DISTRICT OF OHIO

Network Analyst

VACANCY #22-04

LOCATION: Cleveland, Ohio

REPORTS TO: IT Supervisor

STATUS: Full-time permanent

CLASSIFICATION: CL 26 - CL 27

POSTED: January 7, 2022

STARTING SALARY RANGE: \$50,285-\$79,459

AREAS OF CONSIDERATION: All qualified applicants.

CLOSING DATE: Open Until Filled. First consideration given to applications received by January 21, 2022.

Position Overview

The Network Analyst is responsible for ensuring the availability of the Court's network, including virtualized servers, traditional and virtualized desktop systems, backups, online replication (DFSR), LAN/WAN, and security. The Network Analyst monitors and optimizes hardware, systems, and databases to ensure system performance and reliability; performs troubleshooting as required; and administers Active Directory services. The position provides support for systems and court users in Cleveland, Akron, Toledo, and Youngstown. Promotion potential to CL 27 without further competition.

Duties and Responsibilities include, but are not limited to the following:

- Provides hardware and software support for servers, virtualization infrastructure, virtual desktop infrastructure, and operating system environments.
- Assists with the development and maintenance of security policies and procedures. Reviews system security logs in accordance with established policies. Installs security, operating system patches, and database software upgrades.
- Manages a Distributed File System (DFS) and DFS replication; provides file server maintenance and troubleshoots problems with network equipment.
- Resolves routine and difficult problems, including those that have been referred/escalated by peers.
- Provides on-call support and performs end user help desk related duties. Responds to help desk calls and emails.
- Prepares and maintains documentation for local and wide area networks and all related hardware.

(VA 22-04 – Network Analyst)
