**CASE MANAGEMENT ORDER NO. 5
CREATION OF TRACK-SPECIFIC SUBDOCKETS**

In Case Management Order Nos. 1 and 3, the Court previously set forth certain filing instructions. (Doc. No. 3 (CMO1) § II.A; Doc. No. 136 (CMO3) § 1.) And in Case Management Order No. 4, the Court created separate leadership structures for the three proposed classes: Direct Purchaser Plaintiffs (“DPPs”), End Payor Plaintiffs (“EPPs”), and Automobile Dealership and Other Reseller Plaintiffs (“ADPs”). (Doc. No. 137 (CMO4).)

1. The Court now amends the above-cited sections of Case Management Order Nos. 1 and 3, and specifies the following ECF procedures:

a. The “Master Case,” 5:24-md-03107-SL, includes all cases involving tire antitrust actions that are transferred to the Court by the Judicial Panel on Multidistrict Litigation or otherwise consolidated or coordinated with other matters before the Court under the Master Case.

b. The Master Case will be composed of three “Tracks” for each proposed putative class of plaintiffs: DPPs, EPPs, and ADPs.

c. For each of the Tracks, there will be related individual member cases, referred to hereinafter as an “Individual Member Case.” These are the originally-filed complaints, and such Individual Member Cases will retain their originally-assigned case numbers.

- d. The docket for the Master Case will be referred to as the “Master Docket.”
- e. Papers applicable to all tire antitrust actions transferred to this Court must

be filed only in the Master Docket, using the following caption:
