Directing E-Mail Notifications to Secondary E-mail Addresses

The Court's case management / electronic case filing (CM/ECF) system automatically sends a notice of electronic filing (NEF) to all counsel of record in a case each time a filing is made. Attorneys may also configure their CM/ECF accounts to:

- Receive notices of filings in cases which they are not participants
- Have notices sent to multiple e-mail addresses
- Have notices sent to associates, staff, and/or clients

Attorneys may update their accounts to make changes in their e-mail notification set up at any time.

Primary e-mail address. By default, CM/ECF automatically sends e-mail notifications of filings to the primary e-mail address of all attorneys associated with a case. In addition, attorneys can elect to receive notifications in cases that they are not involved in, but have an interest in following, by adding additional case numbers to their e-mail notification list. Attorneys may not opt out from receiving notifications in cases in which they are involved, but they may add or delete other cases from their notification list at any time.

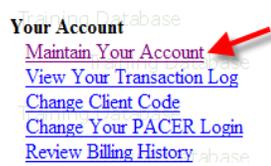

Secondary e-mail addresses: The system provides attorneys with the ability to add and configure secondary e-mail addresses. Attorneys may add secondary e-mail addresses to have notifications sent to themselves at multiple e-mail addresses as well as to others, including associates, staff and clients. Each secondary e-mail address can be configured separately to receive notices in all an attorney's cases, or on a case-by-case basis. This flexibility may be particularly useful to attorneys who have multiple practices (i.e. attorneys with both governmental and private practices or attorneys who wish to separate their pro bono work from their other activity). This feature may also be helpful to those attorneys who receive assistance from different support staff based on the nature of each case. Like the primary e-mail address, secondary e-mail addresses are initially configured to receive e-mail notifications in all cases by default. However, an attorney can change the default settings for a secondary e-mail address when it is entered into the system or at any time thereafter so that the address only receives notices in those cases selected by the attorney.

Attorneys can add and delete secondary e-mail addresses and add or delete the cases for which those addresses will receive notification using the "Maintain Your Account" link on the "Utility" page in CM/ECF following the procedures outlined below:

- Access the "Live" System. Note that the "Live" electronic filing system and the "Training Area" are different systems. Setting your e-mail notification in one system does not set it in the other.
- Click on "*Utilities*"

- Click on “Maintain Your Account”

- Click on “Email Information”

- Click on the link to the secondary e-mail address you would like to add or delete specific case e-mail notification.

- Upon clicking on a secondary e-mail address link, the “configuration options” box appears. Answer the following questions. Answering “no” to the question “Should this e-mail address receive notice for all cases in which this individual is a participant?” allows you to manually add or remove cases from your e-mail notification list for this secondary address only. Cases will not automatically appear on the list when a notice of appearance is filed. This feature applies only to secondary e-mail address. Cases cannot be removed from your primary e-mail address.
