The Master Settlement Agreement and the Court's *Claims Review Protocol Order* provide that, if Fleet or a Claimant disagrees with a claim valuation decision made by the Claims Committee, then either of them may appeal the Committee's valuation decision to the Special Master. Further, if Fleet or a Claimant disagrees with the Special Master's valuation decision, then either of them may appeal to the Court. In both of these instances, the materials the parties will need to submit to the Special Master and the Court are likely to include the Claimant's private medical records, as well as briefs discussing those records.

Pursuant to Local Rule 5.2, this Order makes clear that Fleet and all Claimants are authorized to file such materials under seal, without need for a separate motion.

IT IS SO ORDERED.
