: **JUDGE POLSTER**
:
: **SETTLEMENT ORDER NO. 6**

In light of the substantial progress made by the parties in the last few days in settlement negotiations, the Court hereby withdraws Settlement Order No. 5. The meeting scheduled for June 16, 2010 with the Court, which required all the parties along with a number of CEO's to attend, is canceled.

The Court directs the parties to now undertake serious and continuous efforts over the next 14 days to reach further agreement on all necessary additional terms, and to clarify any ambiguities. The Court expects the parties to negotiate, draft, and sign a completed Master Settlement Agreement by Tuesday, June 29, 2010, and to keep the Court apprised of their progress. The Court is hopeful it will not need to call the parties to Cleveland for another settlement conference, but remains willing and ready to do so if necessary.

IT IS SO ORDERED.

Dan Aaron Polster
U.S. District Judge
