NextGen CM/ECF System Capabilities

The Electronic Filing System allows registered participants with an Internet account and a compatible internet browser (*e.g.*, Firefox or Internet Explorer) to perform the following functions:

- Practice filing documents electronically in NextGen CM/ECF using a “training” database that is similar to the official live NextGen CM/ECF database
- Electronically open new civil cases (“live”)
- Electronically file pleadings and documents in actual (“live”) cases
- View official docket sheets and documents associated with cases
- View various reports (*e.g.*, Cases Filed Report, Calendar) for cases that were filed electronically
- Electronically serve documents to attorneys/parties who are set up to file electronically

Requirements

Hardware and Software Requirements

The hardware and software needed to electronically file, view and retrieve case documents in NextGen CM/ECF include:

- A computer running a Windows or a Macintosh operating system
- An internet provider
- Adobe Acrobat 5.0 or higher or other software capable of converting documents from a word processor format to the portable document format (PDF)
- A PDF-compatible word processor like Macintosh or Windows-based versions of WordPerfect and Word

- A compatible internet browser – NextGen CM/ECF has been tested and works correctly with Firefox and Internet Explorer versions 8 and 9; other versions and browsers may also work, but the Court may be unable to provide support should problems arise. The Court does not recommend using any other browsers.
- Access to a scanner for non-computerized documents that need to be imaged

NOTE: This would only be used for documents that cannot be produced electronically. The Court prefers that documents be converted to PDF rather than scanned because converted documents provide text search capabilities and greatly reduce the file size. The Court is moving away from the utilization of scanned documents and is asking attorneys to do the same whenever possible. If there is a need to scan a document, the Court recommends scanner settings of 300 pixels per inch (ppi), or higher, for scanned documents.

PACER Registration

A PACER Account can be established through the PACER Service Center at www.pacer.gov; and the registration form can be completed at:

<https://pacer.psc.uscourts.gov/pscof/registration.jsf>

Registering for Access to NextGen CM/ECF

NextGen CM/ECF Registration for the Northern District of Ohio is located on the Court's website at:

<https://www.ohnd.uscourts.gov/electronic-filing-registration>

Attorneys seeking to file electronically must be admitted to practice in the U.S. District Court for the Northern District of Ohio. Once registration is completed and approved by the Court, the party will be notified via email that filing privileges have been granted.

The user's login and password required to submit documents to the electronic filing system serve as the user's signature on all electronic documents filed with the Court. They also serve as a signature for purposes of Fed. R. Civ. P. 11, the Federal Rules of Civil Procedure, the Federal Rules of Criminal Procedure, the Local Rules of this Court, and any other purpose for which a signature is required in connection with proceedings before the Court.

Registered users can visit a [training version](#) of the system on the internet to practice NextGen CM/ECF activities. (After clicking on the link, notice the words “Training Database” displayed as the background.) We strongly recommend that registered users practice in the “training” NextGen CM/ECF database before filing documents in the “live” NextGen CM/ECF database.

It is the responsibility of any attorney who has e-filing access to keep all contact information, including email addresses, updated and current.

The primary email address must be updated through PACER.

Manage My Account → Maintenance → Update E-Filer Email Noticing and Frequency

The secondary email address(es) must be updated through NextGen CM/ECF.

Utilities → Your Account → Maintain Your Email

Preparation

NOTE: The following tips refer to Adobe Acrobat Software, as they created the PDF format. However, there are alternative PDF software programs available. Please refer to the manufacturer's manual for software specific instructions/troubleshooting.

Setting Up Acrobat PDF Reader

Users must set up Adobe's Acrobat Reader or similar software in order to view documents that have been electronically filed in NextGen CM/ECF. All documents must be filed in PDF format. When installing this product, please review and follow Adobe's (or manufacturer's) directions to utilize Acrobat Reader (or similar software) after installation.

Portable Document Format (PDF)

Only Portable Document Format (PDF) documents may be filed with the Court using the NextGen CM/ECF system. Before uploading documents in NextGen CM/ECF, users should preview the PDF document to ensure that it appears in its entirety and in the proper format. Contact the Court's Help Desk with any questions at 800-355-8498.

How to View a PDF File

- Start the Adobe Acrobat program.
- Go to the **File** menu and choose **Open**.
- Click on the location and file name of the document to be viewed.
- If the designated location is correct, and the file is in PDF format, Adobe Acrobat Exchange loads the file and displays it on the screen.
- If the displayed document is larger than the screen or consists of multiple pages, use the scroll bars to move through the document.
- Click on the **View** menu for other options for viewing the displayed document. Choose the option that is most appropriate for the document.

How to Convert Documents to PDF Format

All documents must be converted to PDF format before submitting them in NextGen CM/ECF. There are several ways in which a document can be converted from a word processing program into PDF format. The newer versions of some common word processors include the ability to publish a document to PDF that is built right into the word processing software.

From WordPerfect Version 9 and higher:

- Open the document.
- From the menu bar, click on FILE and, using the drop-down menu, select PUBLISH TO PDF.
- Name the file, giving it the extension .pdf, and click the SAVE button.
- The file is now saved in PDF format under the designated file name.

OR

- Click on FILE and, using the drop-down menu, select PRINT.
- Change the printer to ADOBE PDF and click PRINT.
- Name the document and click SAVE. Document will be saved in PDF format.

For earlier WordPerfect versions, versions of Microsoft Word/Microsoft Office products and/or other software applications:

- Install PDF conversion software on computer and follow the specific manufactures software instructions.

PACER Administrative Accounts for Consolidated Law Firm Billing and PACER Account Management

The PACER Service Center (PSC) has developed the PACER Administrative Account (PAA), a consolidated billing and online account management process for groups such as law firms, financial organizations and educational or research institutions.

For more information on establishing a PAA account for your firm, view the PAA User Manual (<https://www.pacer.gov/documents/pausermanual.pdf>) and visit the PACER Service Center web page for PACER Administrative Account Registration (https://www.pacer.gov/reg_firm.html).

RSS Feed for OHND Electronic Filings

Real Simple Syndication (RSS) is a mechanism for delivering regularly changing web content to interested parties. RSS feeds are often used by news organizations, weather sites and bloggers to push, or syndicate, content to their readers.

The U.S. District Court, Northern District of Ohio, has enabled an RSS feed for filings made in its CM/ECF electronic records system. Users can stay up-to-date on case filings of interest to them in an efficient, cost-effective way via this RSS feed.

Users can access and subscribe to this feed by going to the Court's public web site (<http://www.ohnd.uscourts.gov>) and clicking on the orange "RSS" icon in the upper right hand of any page on the web site, and then clicking on the "Recent Filings" link.

RSS icons for OHND and for over 50 additional participating courts can be accessed from the Court Links page on the PACER web site (<http://www.pacer.gov/psco/cgi-bin/links.pl>).

NOTE: The date you **last logged in to the system** appears at the bottom left corner of this screen. You should review this information each time you log in for security reasons. If you believe your last login date and time are incorrect, or suspect an unauthorized party is using your login and password, please telephone the Court's Help Desk at 800-355-8498 as soon as possible.

Selecting NextGen CM/ECF Features

NextGen CM/ECF provides the following features that are accessible from the menu bar at the top of the opening screen:

- | | |
|-------------------------|--|
| <u>Civil</u> | To electronically open a civil case, file all civil case pleadings, motions, and other court documents |
| <u>Criminal</u> | To electronically file all criminal case pleadings, motions, and other court documents |
| <u>Query</u> | To query NextGen CM/ECF by specific case number, party name, nature of suit, etc. and retrieve documents that are relevant to a case |
| <u>Reports</u> | To retrieve docket sheets and specific case reports |
| <u>Utilities</u> | To view your personal NextGen CM/ECF transaction log and maintain personal NextGen CM/ECF account information |
| <u>Search</u> | To search keywords to find the proper event to electronically file documents |
| <u>Help</u> | To see description of menu bar options |
| <u>Logout</u> | To exit from NextGen CM/ECF and prevent further filing with your password until the next time you log in |

Civil Events Feature

The Civil feature of NextGen CM/ECF is used to electronically file and docket with the Court a variety of pleadings and other documents for civil cases. Use the Search feature in the menu bar to find events, or [Click here](#) for a complete list of civil events.

For information on locating the correct event when electronically filing, [click here](#).

Signatures/Sworn Documents/Affidavits

Attorneys should electronically sign documents before filing. An electronic signature is as follows: s/John Doe. Documents which must contain original signatures or which require either verification or an unsworn declaration under any rule or statute shall be scanned and filed electronically, with originally executed copies maintained by the filer.

In the case of a stipulation or other document to be signed by two or more persons, the following procedure should be used:

- (a) The filing party or attorney shall initially confirm that the content of the document is acceptable to all persons required to sign the document.
- (b) The filing party or attorney then shall file the document electronically, indicating the signatories, *e.g.*, “s/Jane Doe,” “s/John Doe,” etc. on the signature blocks.
- (c) The filing party or attorney shall retain the hard copy of the document containing the original signatures after the case ends, at least until the time for all appeals has expired.

Sworn documents, *e.g.*, affidavits requiring original signatures or signatures of notaries, shall be filed by scanning the document containing all necessary signatures. The filing party or attorney shall retain the hard copy of the document containing the original signatures until the case ends and the time for all appeals has expired.

A non-filing signatory or party who disputes the authenticity of an electronically filed document containing multiple signatures or the authenticity of the signatures themselves must file an objection to the document within ten days of receiving the Notice of Electronic Filing.

Filing of Complaint or Notice of Removal/Payment of Filing Fee/Summons

Initial complaints, notices of removal and payments of filing fees should be done electronically. However, initiating documents and fees may still be manually submitted to one of the four offices of the Northern District of Ohio (Cleveland, Akron, Youngstown and Toledo).

Local Rule 3.13(a) requires the filing of a Civil Cover Sheet along with a Complaint or Notice of Removal. If filing electronically, this should be filed as an attachment to the initiating document, along with Summons and/or Marshal Forms, if applicable.

Filing Documents in Civil Cases

After successfully logging into NextGen CM/ECF, follow these steps to file a document:

1.) Select the type of document to file

Select **Civil** from the menu bar at the top of the NextGen CM/ECF screen.

The Civil Event window opens, displaying all of the categories of events to choose. Below is an example of filing a **Motion** in NextGen CM/ECF. The process is similar for filing other documents in NextGen CM/ECF.

Click on **Motions**, under **Motions and Related Filings**:

The Motions screen appears and displays a motion selection field with a scroll bar next to it. Scroll through the menu until you find the type of motion being filed. You may also begin typing keywords in the text box.

NOTE: If you cannot find the motion event to exactly match your filing, choose Order under the Motions category. You will be prompted to describe your filing.

The screenshot shows the ECF Motions interface. At the top, there is a navigation bar with 'ECF' and menu items: Civil, Criminal, Query, Reports, Utilities, Search, and Logout. Below this, the word 'Motions' is displayed. A red instruction reads: 'If you are unable to find the event that best describes your motion, please consider using motion for order. If you have questions contact the Clerk's Office.' Below the instruction is a search box with the placeholder text 'Start typing to find an event.' The main area is divided into two sections: 'Available Events (click to select events)' and 'Selected Events (click to remove events)'. The 'Available Events' list includes: Seal Case, Seal Document, Set Aside, Set Aside Default, Set Aside Forfeiture, Set Aside Judgment, Set Aside Verdict, Sever, Show Cause (highlighted), Slay, Strike, Substitute Party, Substitute attorney, Summary Judgment, and Supplement. Below the list are 'Next' and 'Clear' buttons. The 'Selected Events' section is currently empty.

For this example, highlight 'Show Cause', and click on **Next**.

NOTE: If the document being filed contains more than one **Motion**, click on each motion type separately. Each part of the motion will display in the 'Selected Events' section to the right.

2.) Enter the case number in which the document is to be filed

On the next screen, enter the number of the case for which you are filing a motion, click **Find This Case** and click **Next**.

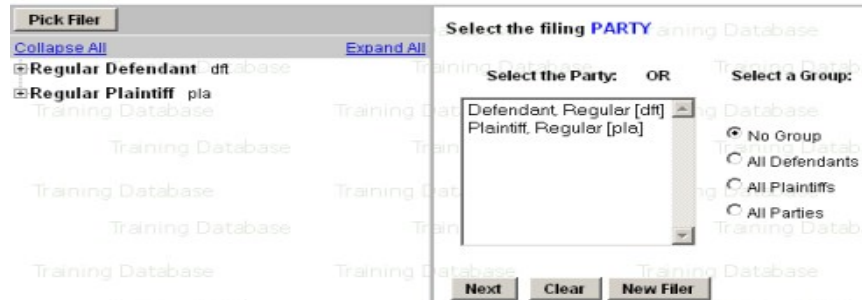

The screenshot shows the ECF Motions interface for entering a case number. The word 'Motions' is at the top left. Below it, the text 'Civil Case Number' is displayed above a text input field containing '10-01'. To the right of the input field is a button labeled 'Find This Case'. Below the input field and button are 'Next' and 'Clear' buttons.

Verify that the case number and caption are correct:

Motions Training Database

3.) Designate the party/parties filing the document

Highlight the name of the party or parties for whom you are filing the motion. If you represent all defendants or all plaintiffs, you may select the entire group by holding down the control key while pointing and clicking on each party of the group, or choose the “All Defendants” or “All Plaintiffs” radio button. After highlighting the parties filing the motion, click on the **Next** button.

If this is your first filing in this case in NextGen CM/ECF, you will need to make an attorney/party association. If you represent the listed party, **DO NOT** remove the check. You would only uncheck the box on the left if the attorney **DOES NOT** represent the party listed.

Click **Next**.

4.) Specify the PDF file name and location for the document to be filed

The next screen displays a field for locating and entering the PDF file of the document being filed.

1. <input type="text"/> <input type="button" value="Browse..."/>	<input type="text"/>	<input type="text"/>

Click on the **Browse** button and locate your document to be filed.

NOTE: It is imperative that you attach an electronic copy of the actual document when prompted by the system. All documents that you intend to file in NextGen CM/ECF **MUST** be in PDF format. Otherwise, NextGen CM/ECF will not accept the document.

In order to verify that you have selected the correct document and that it contains all pages, right mouse click on the highlighted file name to open a quick menu and left mouse click on **Open With**.

Adobe Acrobat or Acrobat Reader will launch and open the PDF document that you have selected. Once you have verified the document is correct, close Adobe Acrobat and click on the **Open** button, or double-click on the file name. NextGen CM/ECF closes the **Choose File** screen and inserts the PDF file name and location.

In the event that you selected and highlighted a file that is not in PDF format, NextGen CM/ECF will display the following error message after you click on the **NEXT** button:

Click on the **Back** button and NextGen CM/ECF will return to the previous screen. Select and highlight the PDF file of your document and proceed as before. If you fail to select a document, NextGen CM/ECF will display the following error message:

If you click OK from this screen, NextGen CM/ECF will return you to the previous screen. You cannot proceed without attaching a PDF document.

5.) Add attachments to document being filed

To attach supporting documents to your motion:

- a.) **Under Attachments, click Browse.** Search your computer for the document file name of the attachment, find the document, right-click to verify the document is correct, then double-click it and NextGen CM/ECF will insert it in the Filename field.

b.) **Describe Attachments.** Choose from either the **Category** drop down menu, **Description** text box where you can type a description, or both. If you choose both **Category** and **Description**, NextGen CM/ECF will display the Category name first, then the Description name in the docket text.

The use of 'Exhibit 1' or 'Appendix 1' does not provide enough descriptive information. All attachments must be fully and accurately described. If an attachment is not named, an error message will display after selecting **Next**.

Select the pdf document and any attachments.

NOTE: The NextGen CM/ECF system provides a warning if the document you are about to submit is larger than 35 megabytes. Although documents that are 35 megabytes or larger will not be rejected by the system if you continue to file them, it is generally recommended that for the convenience of all users, you consider dividing the document into its component parts, or two or more smaller attachments, before filing them electronically. (This suggestion does not apply to the filing of transcripts in Social Security Cases, which should be filed as a single document whenever possible.)

For the convenience of both chambers and the parties, attachments should be clearly labeled to provide users with a concise description of the contents of the document.

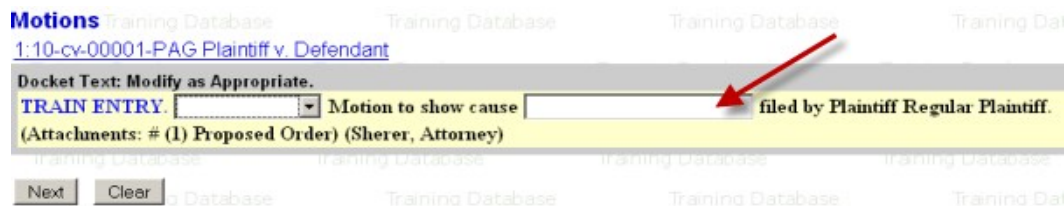

6.) Modify docket text

Click on the modifier drop down list. Select a modifier, if appropriate:

Review the docket text. If any errors are found, please contact the Clerk's Office or Help Desk for assistance.

Click **Next** to submit the filing.

NOTE: At any time prior to this step, you can abort the NextGen CM/ECF filing or return to previous screens by clicking on any hyperlink on the NextGen CM/ECF menu bar *to abort* the current transaction. NextGen CM/ECF will reset to the beginning of the process you just selected.

8.) Receive Notice of Electronic Filing

NextGen CM/ECF opens a new window displaying a NextGen CM/ECF filing receipt called the **Notice of Electronic Filing**:

This notice provides confirmation that NextGen CM/ECF has registered your transaction and the filing is now an official court document. It also displays the date and time of the transaction and the docket number assigned to the filing.

- To print the notice, select **PRINT** on the browser toolbar and print the document receipt.
- To save the notice, select **FILE** on the browser menu bar and choose **SAVE AS** from the drop-down.
- NextGen CM/ECF will electronically transmit the **Notice of Electronic Filing** to the attorneys and parties to the case who are set up to receive electronic notification. The NextGen CM/ECF filing report also displays the names and addresses of individuals who will ***not*** be electronically notified of the filing but will need to be served manually.
- It is the **filer's responsibility** to serve paper copies of the filing **and** the Notice of Electronic Filing to attorneys and *pro se* parties who are not set up for electronic notification.

Case participants that receive electronic notification of the filing are permitted one "free look" at the document by clicking on the associated hyperlink document number embedded in the **Notice of Electronic Filing**. The "free look" is only available during the first 15 days after the docket entry is made and will expire then or immediately after the first use.

The Court strongly urges users to save a copy of the **Notice of Electronic Filing** *and* the document to your hard drive for future access. Subsequent retrieval of the case docket sheet and documents from NextGen CM/ECF must be made through your PACER account and will be subject to standard PACER fees.

Criminal Events Feature

The Criminal feature of NextGen CM/ECF is used to electronically file and docket with the Court a variety of pleadings and other documents for criminal cases. [Click here](#) for a complete list of Criminal events.

For information on locating the correct event when electronically filing, [click here](#).

Filing Documents in Criminal Cases

The steps involved in filing a criminal document are similar to those in civil:

1.) Select the type of document to file

This section describes the process for filing a motion in NextGen CM/ECF for a criminal case. The process is similar for filing other documents.

Select **Criminal** from the menu bar at the top of the NextGen CM/ECF Screen.

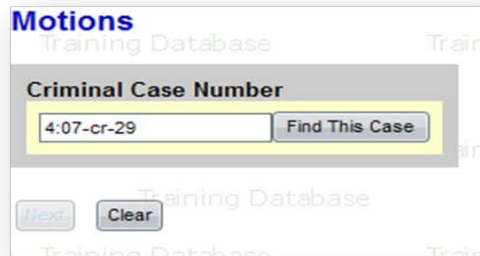

Select **Motions**, under **Motions and Related Filings**.

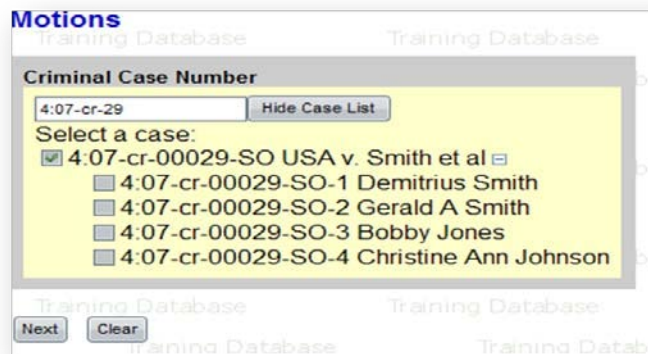

Click **Next**.

2.) Enter the case number in which the document is to be filed

Enter the case number, and then click **Find This Case**. NextGen CM/ECF will search the Court's database for the case number.

If multiple cases or multiple defendants are found for the same case number, check the box next to the case number or defendant for this filing.

NextGen CM/ECF assigns a separate case number to each defendant. Click the boxes to place a check next to each defendant's name that your filing relates to. If it relates to all defendants in the case, check the top box as indicated and leave the other boxes unchecked.

When finished selecting defendants, click **NEXT**.

3.) Verify that the case number and caption are correct

Click **NEXT**.

4.) Designate the party/parties filing the document

Highlight the name of the party or parties for whom you are filing the motion. If filing on behalf of all defendants you may select the entire group by holding down the **CONTROL** key while pointing and clicking on each party in the group.

After highlighting the parties filing the motion, click **NEXT**.

If this is your first filing in this case, you will need to make an attorney/party association. If you represent the listed party, **DO NOT** remove the check. You would only uncheck the box on the left if the attorney **does not** represent the party listed.

Click **Next**.

5.) Search for the correct event

This screen allows you to search for an event under the **Motions** category. Locate the type of motion you are filing. You may also search by typing at least the first three letters of the description of the motion. Click on the event name to select it. In this example, select **Disclosure**. If you select the wrong event, click on it under **Selected Events** and it will be removed from the list.

NOTE: If the type of motion you are filing does not appear in the list, select Miscellaneous Relief. You will be prompted to describe your filing.

attachment is not named, an error message will display after selecting **Next**.

The screenshot shows a web form titled "Select the pdf document and any attachments." It has a "Main Document" section with a text input field containing "O:\ECF Documents\motion.pdf" and a "Browse..." button. Below this is an "Attachments" table with columns for "Attachments", "Category", and "Description". The first row contains "O:\ECF Documents\proposed order.pdf", "Proposed Order", and an empty description field with a "Remove" button. The second row is empty. At the bottom are "Next" and "Clear" buttons.

NOTE: The NextGen CM/ECF system provides a warning if the document you are about to submit is larger than 35 megabytes. Although documents that are 35 megabytes or larger will not be rejected by the system if you continue to file them, it is generally recommended that for the convenience of all users, you consider dividing the document into its component parts, or two or more smaller attachments, before filing them electronically. (This suggestion does not apply to the filing of transcripts in Social Security Cases, which should be filed as a single document whenever possible.)

For the convenience of both chambers and the parties, attachments should be clearly labeled to provide users with a concise description of the contents of the document.

8.) Modify docket text

Click on the modifier drop down list. Select a modifier, if appropriate.

The screenshot shows a "Motions" section with a link "4:07-cr-00029-SO USA v. Smith et al". Below it is a "Docket Text: Modify as Appropriate." section. A dropdown menu is open, showing "TRAIN ENTRY." selected and "Motion for Disclosure" as an option. The text "by Demetrius Smith. (Attachments: # (1) Proposed Order) (Gowing, Dianne)" is visible. At the bottom are "Next" and "Clear" buttons.

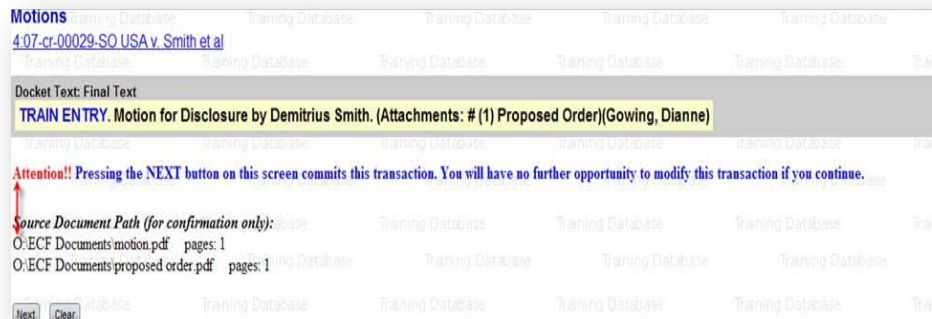

Click in the open text (white box) area to type additional text for the description of the document, if necessary.

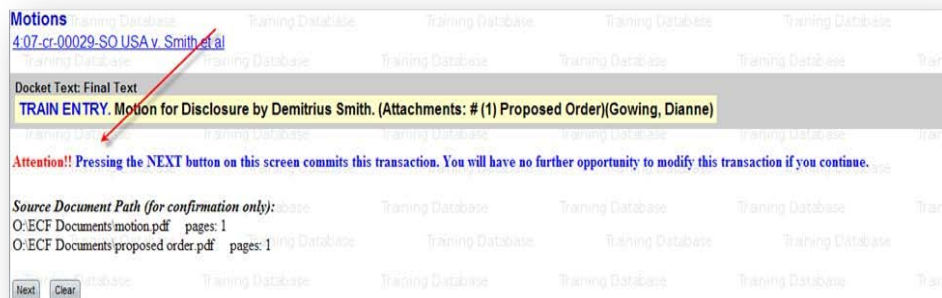

Click **Next**.

9.) Submit the document

A new window appears with the complete text for the docket report. **There is a full path and filename feature that displays on the Final Docket Text screen during docketing.** This will allow you to confirm that the proper documents have been uploaded before posting the document.

Also on this screen the following warning is displayed:

Review the docket text and correct any errors. If any errors are found, please contact the Clerk's Office or Help Desk for assistance.

Click **Next** to submit the filing.

NOTE: At any time prior to this step, you can abort the NextGen CM/ECF filing by clicking on any menu on the NextGen CM/ECF menu bar at the top of your screen. NextGen CM/ECF will reset to the beginning of the process you just selected.

10.) Receive Notice of Electronic Filing

NextGen CM/ECF opens a new window displaying a NextGen CM/ECF filing receipt called the **Notice of Electronic Filing**:

This notice provides confirmation that NextGen CM/ECF has registered your transaction and the filing is now an official court document. It also displays the date and time of the transaction and the docket number assigned to the filing.

- To print the notice, select **PRINT** on the browser toolbar and print the document receipt.
- To save the notice, select **FILE** on the browser menu bar and choose **SAVE AS** from the drop-down.
- NextGen CM/ECF will electronically transmit the **Notice of Electronic Filing** to the attorneys and parties to the case who are set up to receive electronic notice. The NextGen CM/ECF filing report also displays the names and addresses of individuals who will not be electronically notified of the filing but will need to be served manually.
- It is the **filer's responsibility** to serve paper copies of the filing **and** the Notice of Electronic Filing to attorneys and *pro se* parties who are not set up for electronic notification.

Case participants that receive electronic notification of the filing are permitted one “free look” at the document by clicking on the associated hyperlink document number embedded in the **Notice of Electronic Filing**. The “free look” is only available during the first 15 days after the docket entry is made and will expire then or immediately after the first use.

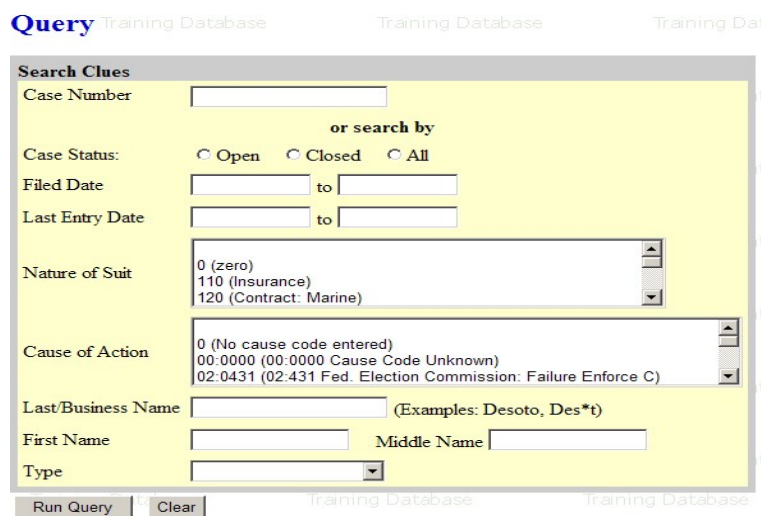

The Court strongly urges users to save a copy of the **Notice of Electronic Filing** *and* document to your hard drive for future access. Subsequent retrieval of the case docket sheet and documents from NextGen CM/ECF must be made through your PACER account and will be subject to standard PACER fees.

Query Feature

The Query feature allows a search of specific case information by case number, nature of suit, cause of action, party name, etc. Click on Query from the menu bar of NextGen CM/ECF.

Below is the Query screen. After information is entered, click **Run Query**.

The screenshot shows the 'Query' screen in the NextGen CM/ECF system. The page title is 'Query' and the browser tabs show 'Training Database'. The main content area is titled 'Search Clues' and contains several search criteria:

- Case Number:** A text input field.
- or search by:** A section with three radio buttons: 'Open', 'Closed', and 'All'.
- Filed Date:** Two text input fields separated by 'to'.
- Last Entry Date:** Two text input fields separated by 'to'.
- Nature of Suit:** A dropdown menu with options: '0 (zero)', '110 (Insurance)', and '120 (Contract: Marine)'.
- Cause of Action:** A dropdown menu with options: '0 (No cause code entered)', '00:0000 (00:0000 Cause Code Unknown)', and '02:0431 (02:431 Fed. Election Commission: Failure Enforce C)'.
- Last/Business Name:** A text input field with a note '(Examples: Desoto, Des*t)'.
- First Name:** A text input field.
- Middle Name:** A text input field.
- Type:** A dropdown menu.

At the bottom of the form are two buttons: 'Run Query' and 'Clear'.

If searching by a party or attorney name and more than one person with that name is in the database, NextGen CM/ECF returns a screen from which to select the correct name. If the individual is a party to more than one case, NextGen CM/ECF will open a screen listing all of the cases for that party. Click on the case number hyperlink for NextGen CM/ECF to show all query options.

Adding Secondary E-mail Addresses in NextGen CM/ECF

The system provides attorneys with the ability to add and configure secondary e-mail addresses. Attorneys may add secondary e-mail addresses to have notifications sent to themselves at multiple e-mail addresses as well as to others, including associates, staff and clients.

Each secondary e-mail address can be configured separately to receive notices in all an attorney's cases, or on a case-by-case basis. This flexibility may be particularly useful to attorneys who have multiple practices (e.g., attorneys with both governmental and private practices or attorneys who wish to separate their pro bono work from their other activity). This feature may also be helpful to those attorneys who receive assistance from different support staff based on the nature of each case.

Like the primary e-mail address, secondary e-mail addresses are initially configured to receive e-mail notifications in all cases by default. However, an attorney can change the default settings for a secondary e-mail address when it is entered into the system or at any time thereafter so that the address only receives notices in those cases selected by the attorney.

- 1.) Log in to the “Live” system. (Refer to [Step-by-Step](#) section in this Manual for instructions)

NOTE: The “Live” electronic filing system and the “Training Area” are different systems. Setting your e-mail notification in one system does not set it in the other.

- 2.) Select the **Utilities** menu in NextGen CM/ECF

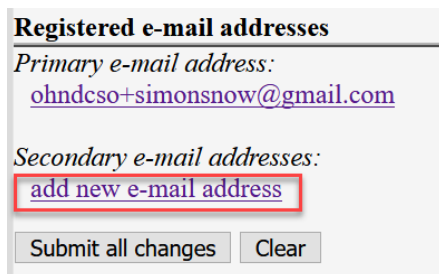

- 3.) Click on **Maintain Your E-mail**

- 4.) If a primary email address is listed, skip to step 5. If no primary email address is listed, click **add new e-mail address**. **Note that although primary email addresses are maintained through PACER, there must be one listed in ECF in order to add secondary addresses.** Enter the account’s PRIMARY email address. Once an address is entered, the secondary email address options will appear on the left.

- 5.) Click **add new e-mail address** under **Secondary e-mail addresses**.

6.) Enter the **secondary email address** and change the configuration options if desired.

a. Configuration Options

Option	Description
Should this e-mail address receive notices?	For the primary email address, the default is “Yes”. If set to “No”, the primary email address will not receive notices of electronic filing (NEFs) - this is not recommended.
How should notices be sent to this e-mail address?	<u>Per Filing</u> : Email sent for each individual filing <u>Summary Report</u> : One daily email listing all transactions for that day, sent on the following day NOTE: If the Summary Report is selected, an additional prompt appears, “Should this e-mail address receive a “no activity” notice when no summary noticing occurs?” Yes: an email will be sent with the message, “no transactions found for this time period” when no activity occurs in the cases for which the user is configured to receive summary notices No: no email will be sent unless there were filings
In what format should notices be sent to this e-mail address?	Controls the format of the emails—HTML is generally preferred.
Should this e-mail address receive general announcement notices from this court?	The court prefers that users select “Yes” so that they will receive email notifications regarding important ECF system information such as down-time and upgrades.

7.) To receive notification of activity for other cases, enter the case number in the following format: YY-#### (ex. 09-51) in the “Add additional cases for noticing” box and click on “Find This Case”. You do not have to be a party in the cases entered in this field.

Additional Information Regarding NextGen CM/ECF

Filing Documents Under Seal

Local Civil Rule 5.2 and Local Criminal Rule 49.4

No document will be accepted for filing under seal unless a statute, court rule, or prior court order authorizes the filing of sealed documents. If no statute, rule, or prior order authorizes filing under seal, the document will not be filed under seal.

Materials to be sealed shall be filed electronically whenever possible pursuant to the Court's Electronic Filing [Policies and Procedures Manual](#). Sealed documents which exceed the size limitations for electronic filing shall be presented in an envelope which shows the citation of the statute or rule or the filing date of the court order authorizing the sealing, and the name, address and telephone number of the person filing the documents.

NOTE: There are only two events to be used to electronically file documents under seal, both in civil and criminal cases. If a motion is to be filed under seal, choose the event "SEALED MOTION", located under the **Motions** category. If the document to be filed under seal is NOT a motion, choose the event "SEALED DOCUMENT", located under the **Other Documents** category.

If the sealing of the document purports to be authorized by court order, the electronically filed sealed document shall be linked to the order authorizing the sealing. For manually filed sealed documents, the person filing the documents shall include a copy of the order in the envelope. If the order does not authorize the filing under seal, or the electronic filing is not linked to the order, or in the case of manual filing no order is provided, the Clerk will unseal the documents. Before unsealing the documents, the Clerk will notify the electronic filer by telephone. If the document was manually filed, the Clerk will notify the person whose name and telephone number appears on the envelope in person (if he or she is present at the time of filing) or by telephone. The filer may withdraw the documents before 4:00 p.m. the day the Clerk notifies him or her of the defect. If not withdrawn, the documents will be unsealed.

After the entry of a final judgment or an appellate mandate, if appealed, the sealed record will be shipped to the Federal Records Center in accordance with the disposition schedule set forth in the guide to Judiciary Policies and Procedures.

Demonstration of Filing Sealed Documents

A demonstration explaining the procedure for filing documents under seal has been placed on the [Electronic Case Filing page](#) of the Northern District of Ohio's website, under **Video Demonstrations – Filing Sealed Documents**. [Click here](#) for a direct link to view the demonstration. This should be viewed prior to filing sealed documents in the NextGen CM/ECF system for the first time.

Requesting Leave of Court to File Documents/Proposed Orders

If requesting **leave of Court** to file a document, such as an amended complaint, the proposed document shall be attached as an exhibit to the motion for leave. If your motion is granted, the order may direct you to electronically file your document with the Court. Carefully read the Order for specific instructions.

Proposed orders should be filed as attachments to the motion. If you neglected to file the proposed order as an attachment to the motion, you may file your Proposed Order as a separate document. Under both the Civil and Criminal menus, locate **Other Filings**, click on **Other Documents**, then select **Proposed Order**.

Manual Filings

The Northern District of Ohio has mandated electronic filing. A “Notice of Failure to File Electronically” will be issued when documents are not filed electronically. The Court recognizes, however, that some documents or objects cannot be scanned or reduced to an electronic format, or they exceed the recommended limit of 35 MB per component part. In these certain, limited circumstances, users may be excused from filing a particular component electronically. Such components must be manually filed with the Clerk of Court and served upon the parties in accordance with the applicable Federal Rules of Civil and Criminal Procedure and the Local Rules for filing and service of non-electronic documents.

Whenever a party makes an electronic filing which excludes a component that will be filed manually, the electronic filing must include a “Notice of Manual Filing” in place of that component. A model form is provided as **Appendix I**.

If a filer cannot electronically file due to technical difficulties, file the document electronically when the technical issues are resolved and attach a “Declaration that Party was Unable to File in a Timely Manner Due to Technical Difficulties”. A model form is provided as **Appendix II**.

Documents Filed In Error

A document incorrectly filed in a case may result from:

- a) uploading the wrong PDF file to a docket entry;
- b) selecting the wrong event from the menu (e.g., Notice of Deposition, Opposition, Praecipe); or
- c) entering the wrong case number and not discovering the error before completing the transaction.

To request a correction, telephone one of the offices listed below as soon as possible after an error is discovered.

Toll Free Help Desk	800-355-8498
Clerk's Office Akron	330-252-6000
Clerk's Office Cleveland	216-357-7000
Clerk's Office Toledo	419-213-5500
Clerks' Office Youngstown	330-884-7400

You will need to provide the case and document number(s) for the document requiring correction. If appropriate, the Court will make a notation indicating that the document was filed in error. You will be advised if you need to re-file the document. The NextGen CM/ECF system does not permit you to change the misfiled document(s) or incorrect docket entry after the transaction has been accepted.
